PROFESSIONAL SUMMARY

Results-driven Finance Transformation Analyst skilled in financial data validation, reporting, and advanced analytics (Power BI, Power Query, Excel). Expert in data modeling, processing 10M+ rows, and delivering actionable insights via dynamic dashboards. Strong background in financial reporting, budgeting, variance analysis, and regulatory compliance from banking experience. Focus on operational efficiency through data-driven solutions and automation.

WORK EXPERIENCE

Junior Finance Transformation Analyst | Data Crafters

[November 2024 – Present]

- **Data Quality & Cleansing:** Executed large-scale financial data validation and cleansing (exceeding 10 million rows) to ensure high data accuracy for client reporting by identifying and resolving discrepancies, duplications, and structural inconsistencies.
- **Data Modeling & Preparation:** Utilized Excel and Power Query to standardize and merge fragmented datasets, resulting in clean, analysis-ready data models optimized for financial reporting.
- **Automated Financial Reporting:** Developed comprehensive Power BI financial reporting templates, including Income Statement (IS), Balance Sheet (BS), Cash Flow, Accounts Receivable (AR), and Accounts Payable (AP), to enable structured and automated reporting for clients.
- **Performance Analysis:** Built and optimized robust data models within Power BI to support key performance indicator (KPI) tracking and in-depth financial performance analysis.
- **Financial Integrity Checks:** Conducted monthly balance sheet breakdown analyses, pinpointing mismatches across assets, liabilities, and equity to maintain and verify financial integrity.
- **Documentation & Transparency:** Enhanced the usability and transparency of analytical models by thoroughly documenting data dictionaries and providing detailed table descriptions (covering columns, measures, and underlying logic).
- **Client Transformation & Automation:** Collaborated on client transformation projects, providing support for financial data restructuring and implementing reporting automation using Power BI Service and SharePoint.
- **Executive Insights:** Delivered executive-focused KPI insights and analytical frameworks directly aligned with senior management's strategic performance questions (e.g., COO-level).
- **Technical Skill Development:** Continuously strengthened expertise in data modeling, Power Query, and business intelligence best practices through direct application in project work.

INTERNSHIP- Islami Bank Bangladesh PLC

[July 2023 - Dec 2023]

- Managed financial services, documentation, and account administration for 150+ clients, ensuring smooth operations and data-supported decision-making.
- Processed and verified 500+ regulatory and audit documents with 100% accuracy, maintaining compliance.
- Executed daily financial transactions and performed account reconciliations in line with accounting standards.
- Maintained 98% client satisfaction through accurate service delivery and cross-functional coordination.
- Collaborated with 10+ team members to improve branch efficiency, reducing average client waiting time by 15%.
- Supported a branch initiative that increased client retention by 12% using insights from data analysis.

EDUCATION

International Islamic University Chittagong

Bachelor in Finance and Banking

CGPA 3.47 out of 4

Chittagong, Bangladesh

6/2019- 6/2024

Uttar Kattali Alhaj Mostafa Hakim Degree College

H.S.C. in Business Studies

Chittagong, Bangladesh

2016-2018

Ispahani Adarsha High School

S.S.C. in Science

Chittagong, Bangladesh

2005-2016

TECHNICAL SKILLS & TOOLS

Data Analytics & Visualization: Power BI (Dashboards, DAX, Data Modeling), Power BI Service, Power Query (Advanced), Excel (Advanced: Pivot Tables, VLOOKUP, XLOOKUP, Power Query, What-If Analysis), Google Sheets

Database & Query Languages: SQL, MySQL (SELECT, JOIN, Subqueries, GROUP BY), Microsoft Fabric (Basics)

Financial Software: Tally ERP, SharePoint

Programming: Python (Variables, Data Types, Operators, Loops, Functions)

Other Tools: Microsoft PowerPoint, Financial Modeling, Business Performance Analysis

CORE COMPETENCIES

Financial Analysis: Financial Reporting & Analysis, Budgeting & Forecasting, Variance Analysis, Ratio Analysis, Financial Modeling, Financial Statement Interpretation

Data Management: Data Validation & Quality Assurance, Data Transformation, Data Cleaning & Structuring, Large Dataset Processing (10M+ rows)

Professional Skills: Analytical Thinking, Problem-Solving, Attention to Detail, Stakeholder Communication, Cross-Functional Collaboration, Time Management, Adaptability

PROJECTS

- **TATA Motors Financial Analysis & Valuation:** Conducted a comprehensive 10-year financial analysis, identifying key financial ratios, trends, and valuation metrics
- **Hospital Dashboard (Power BI):** Visualized patient admissions, financial KPIs, and operational metrics using DAX calculations and interactive filters
- **Digital Finance Dashboard (Power BI):** Built dynamic performance reports using calculated measures and interactive visualizations for financial KPI tracking
- **Real Estate Sales Dashboard (Power BI):** Enhanced sales visibility and zone-wise ROI tracking through data modeling and visual analytics
- **Amazon Sales & Excel Analysis Projects:** Analyzed KPIs, trends, and profit drivers using advanced Excel functions (Pivot Tables, VLOOKUP, Forecasting)

CERTIFICATION AND TRAINING

- **Power BI for Data Analysis** – Dashboard Creation, DAX, Data Modeling, Interactive Visualizations, Time Intelligence
- **Advanced Excel** – Pivot Tables, Power Query, VLOOKUP/XLOOKUP, What-If Analysis, Data Cleaning & Validation,
- **Financial Analysis & Modeling** – Ratio Analysis, Financial Statement Interpretation, Forecasting & Budgeting, Variance Analysis
- **DAX Functions Workshop** – Aggregation, Conditional Functions, Filter & Context Control, Time Intelligence
- **Power Query for Data Transformation** – Skillwave
- **Data Modeling for Power BI** – Marco Russo (SQLBI)
- **MySQL Database Management** – SELECT, JOIN, Subqueries, GROUP BY, Functions
- **Microsoft PL-300 (In Progress)** – Power BI Data Analyst Associate Certification

Ongoing: AI-driven financial analysis tools, Advanced SQL for financial data management, Excel automation (Macros, VBA)

ADDITIONAL INFORMATION

- **Languages:** Bengali (Native), English (Professional), Hindi (Conversational)
- **Leadership:** Financial Secretary at FINCO Club, IIUC – Managed budgets, fundraising, and financial tracking for the university finance club
- **Extracurricular:** Active member of University Debate Club; participated in 5+ community service initiatives
